A Little Pregnant is a poignant and refreshingly honest account of a husband and wife struggling over the course of a decade to have a child. Linda Carbone and Ed Decker offer a moving appraisal of their wrenching, confusing, frustrating, and sometimes comic ordeal. She feels ambivalent about having children; he has an urgent need to have them, at all costs. In alternating chapters, husband and wife present their own powerful versions of their descent into medical and marital turmoil -- as well as their story's unexpected happy ending.
