Présentation de l'éditeur

Part of the new Milet WordPlay line of educational games, Languages Memory Cards is a set of 60 cards: 30 cards with an image of a transportation mode and its word in English, and 30 cards with the same image and its word in the other language. By matching the images on the two cards, children learn the words for different forms of transportation in two languages! The matching game can be played alone or in groups and ideal for home as well as classroom. Featuring bold, graphic illustrations of a broad range of transport modes, it's a great way to learn languages.
